

## **Postgraduate Certificate in Applied Practice (Digital and Collaborative Learning) FAQs**

as at 21st July 2016

### **PROGRAMME OVERVIEW**

#### **1. What is the programme that is offered through The Mind Lab by Unitec?**

Postgraduate Certificate in Applied Practice (Digital and Collaborative Learning) which is a 32-week part-time qualification.

#### **2. Who is the programme for?**

The audience is predominantly primary and secondary school teachers although early childhood and tertiary educators are more than welcome to attend. The four courses relate to educators at all levels, however, the context is based upon the primary and secondary education environment and many discussions relate to aspects specific to these sectors eg. national standards, key competencies, assessment etc.

#### **3. Why are we offering this programme?**

In December 2013, the Associate Minister for Education Nikki Kaye identified a critical mass of 10,000 New Zealand teachers (of the 50,000+ primary and secondary teachers) needing further training and the skills to provide more relevant educational delivery methods. This programme responds to that demand. Prior to this collaboration with Unitec, The Mind Lab experienced significant demand for workshops and professional development from practising teachers.

#### **4. Who will be teaching this programme?**

Learning will be facilitated by The Mind Lab by Unitec's highly experienced and qualified education team with our programme leads in each location masters qualified with significant experience in the field of digital learning.

#### **5. Why is this qualification different from other providers' qualifications?**

The Mind Lab by Unitec will be the first to provide an applied postgraduate qualification in digital and collaborative learning. Rather than being based on theory, this programme is work based and learning can be applied in the classroom from day one using easily available resources.

## PROGRAMME DETAILS

### 1. What credit value and level is it?

60 credits at level 8

### 2. What are the entry requirements?

You will likely be a teacher /educator with either:

- an undergraduate qualification (not necessarily in education)
- or a Diploma in Education and 3 or more years' experience as a teacher.

Other applicants should contact us to discuss.

### 3. How long is the programme?

Our 32-week part-time programme consists of 4 integrated and overlapping courses that build on one another. The first 16 weeks require participation in one weekly 4-hour session at The Mind Lab by Unitec. The first two courses are delivered simultaneously, introducing teachers to innovative approaches to teaching and learning, leadership and digital media.

For the second 16 weeks, teachers will continue to apply new knowledge and practice in the classroom while studying on a dedicated online portal. The initial focus is on research and community informed practice where teachers explore the development of a research topic of specific interest. Teachers will then investigate community needs and contemporary educational challenges in New Zealand.

### 4. How is the programme delivered?

This programme uses a blended model of delivery for the first 16 weeks with 4-hours at The Mind Lab by Unitec per week with online support and work-based practice. The second 16 weeks is work-based and online.

There are four compulsory courses (the first two are completed concurrently):

1. Digital and Collaborative Learning in Context
2. Leadership in Digital and Collaborative Learning
3. Research and Community Informed Practice
4. Applied Practice in Context

Additional information on these four courses can be found:

### 5. What is the desired outcome?

Teachers will learn practical, hands-on tools and approaches to better engage and inspire their students through the appropriate use of technology and learning techniques. The qualification also increases employment opportunities for teachers.

### 6. When does the course start?

Our current intake is:

**July Intake: 4<sup>th</sup> July 2016 (end date 19<sup>th</sup> March 2017)**

Our next intakes\* is:

**November Intake: 31<sup>st</sup> October 2016 (end date 9<sup>th</sup> July 2017)**

There is a break from 24<sup>th</sup> October 2016 – 30<sup>th</sup> October 2016 and also over Christmas from 19<sup>th</sup> December 2016 – 15<sup>th</sup> January 2017 otherwise the course runs every week including over school holidays.

### 7. What is the timetable like?

For the first 16 weeks, there are weekly 4-hour sessions at The Mind Lab by Unitec scheduled outside school hours, multiple times a week to provide flexibility – you can pick which session during the week suits you the most and it may be altered week by week (region specific). ### **9. What does the assessment involve?**

The proof of learning for assessment is modelled on new postgraduate practices allowing for video, photography, blogs or visual diaries. All this is captured while you are in your workplace through the online learning portal. This is quite different to traditional written essays and examinations.

### **10. What's available via the online learning portal?**

The portal provides a personal archive and portfolio of progress and visual diary of learning. It provides the ability to interact with other educators and teachers on the programme as well as providing links to resources, examples of applied practice in-action and topics, debates and conversations on new ways to look at teaching.

### **11. Can I progress to other qualifications?**

On completion of the Postgraduate Certificate in Applied Practice, you will be half-way towards a Postgraduate Diploma in Applied Practice. You can also do a research project in your school or workplace and get a Master's degree.

## **BACKGROUND INFORMATION**

### **1. Who are The Mind Lab by Unitec?**

The Mind Lab by Unitec is a collaboration between Unitec Institute of Technology and The Mind Lab. It draws on the expertise of both organisations to provide primary and secondary school teachers with the opportunity to learn how to integrate technology and new teaching practices into their classrooms. The first qualification to be delivered through The Mind Lab by Unitec is the Postgraduate Certificate in Applied Practice (Digital and Collaborative Learning).

### **2. Who are The Mind Lab?**

The Mind Lab is a specialist learning environment designed to contextualise education in a 21st-century setting. Originally established in 2013 in Newmarket, Auckland, The Mind Lab has received significant interest and attention due to its innovative, hands-on approach to learning and its highly effective and innovative teaching methodologies that are designed to inspire students in the fields of science and technology.

The Mind Lab founder Frances Valintine was previously the Chief Executive of Media Design School, one of New Zealand's most successful private training establishments.

The Mind Lab now forms part of a joint venture with Unitec and has been renamed The Mind Lab by Unitec. Frances Valintine Chairs the Board of The Mind Lab by Unitec and acts as an education consultant to the on-going development of the programme.

### **3. How did the relationship between Unitec and The Mind Lab come about?**

At the end of 2013, The Mind Lab was receiving a lot of recognition from government and media for its innovative approach to science and technology education. At the same time, Unitec was developing a new suite of postgraduate programmes designed to recognise learnings from applied practice in the workforce.

In early 2014 a collaborative relationship was proposed that could draw on the expertise and skills of The Mind Lab with the postgraduate capabilities, applied practice and assessment frameworks of Unitec.

### **4. What is Unitec's expertise in this field?**

Unitec is the largest Institute of Technology/Polytechnic in the country and is one of New Zealand's premier applied learning institutes; all of our teachings is focused on giving students skills and capabilities they can use in the workplace.

### **5. What else does The Mind Lab by Unitec offer?**

In addition to the postgraduate studies, The Mind Lab by Unitec also offers after school and school holiday programmes, school class visits and professional development sessions for teachers.
